*****EXCEPTION if the school is a Charter School or a School that has its OWN Private School Board you will have to address them directly as Hillsborough County Public Schools has no say on this property except to oversee its operations to make sure they conform to a criteria. Public funds are use in the creation of these schools BUT the profits DONOT go back to Hillsborough County Public Schools. Think about this for a moment. Is there an agenda to this madness to PRIVATIZE Schools? PRIVATIZE Busing? PRIVATIZE.... Why are the profits NOT going back to the Hillsborough County Public Schools???? Their using YOUR TAX DOLLARS, Right? Why are they complaining they have NO MONEY? Or, Where is the Money Going? Consult with Homeschooling Communities what is working for them. FISH, HEAT, <http://fpea.com>, etc.

Schools: How about Schools Go Back to Community Schools where ALL Students have a Chance to Excel and Succeed no matter the color of their skin or where the schools are located. BUT, Remember Children ALL Learn Different. Don't Believe me ASK Seasoned Teachers with Hands on Experience. Or, Reference Great Scholars.

Give Teachers the freedom to teach.

Get rid of testing quotas and curriculums based on teacher/school performance.

Go back to making Education NOT "EDUCATION" about Student Learning instead of "FOR PROFIT"!

Brace yourself this one is going to hurt. If you have read the 1st article and gone through the research link provided will you understand the following.

“Our deepest fear is not that we are inadequate. Our deepest fear is that we are powerful beyond measure. It is our light, not our darkness that most frightens us. We ask ourselves, Who am I to be brilliant, gorgeous, talented, fabulous? Actually, who are you not to be? You are a child of God. Your playing small does not serve the world. There is nothing enlightened about shrinking so that other people won't feel insecure around you. We are all meant to shine, as children do. We were born to make manifest the glory of God that is within us. It's not just in some of us; it's in everyone. And as we let our own light shine, we unconsciously give other people permission to do the same. As we are liberated from our own fear, our presence automatically liberates others.”

Something to think about. Did you know children only attended School "3 Months" out of a year and were taught more and learned more than what they are being taught today.

THANK YOU for your time.
